

DANCE PHOTO DAY MAY 3, 2019

Location - Franklin Township Community/Senior Center
505 Demott Ln, Somerset, NJ 08873

Modern Motion's Photo Day is our annual opportunity to take class photos with children wearing their June Show costumes and offer individual portraits of each dancer to their families. The evening entails dancers arriving in their costume, taking a group photo with their classmates, then optional photos of each individual dancer in their costume. Please review the schedule on the reverse side.

Our professional photography company is DSM Productions, specializing in dance photography, ranging from studios, professional dance companies, and dance costume catalogs - they're great with kids too! The teachers at Modern Motion will pose the dancers. The class photos appear on the posters in the waiting room; it's a great way to commemorate each season of dance.

If you wish to have photos taken of your dancer in his or her costume, you may do so by filling out the photography form provided by DSM and remitting payment to DSM staff on the day of photos. If you'd like to have multiple individual shots of your child, for example - one in their ballet costume, another in their hip hop costume or with their Me & My Guy partner, please complete a form for each photo. There is a discount on additional packages purchased after the first package. Please refer to the information from DSM for pricing. The most popular package is the Email Option - those selecting the Email Option receive their pictures about 10 days earlier than traditional prints.
